

How to add NBX Photo Overlay?

Step 1.

Go to <https://www.iloveimg.com/photo-editor>

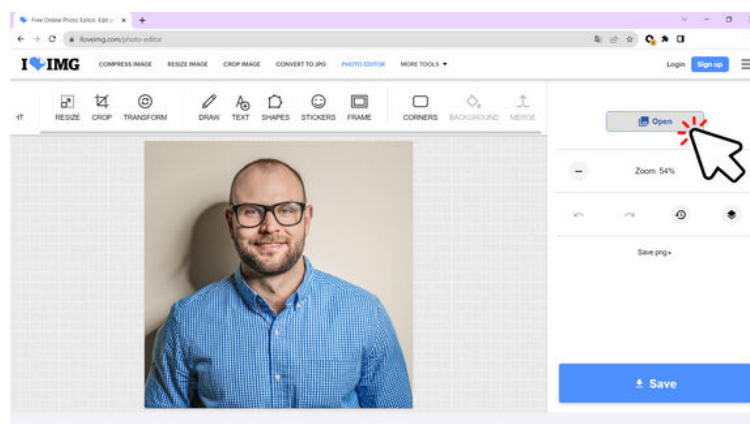

Step 2.

Select Your Profile Picture: Start by locating and selecting the profile picture you want to add an Overlay to.

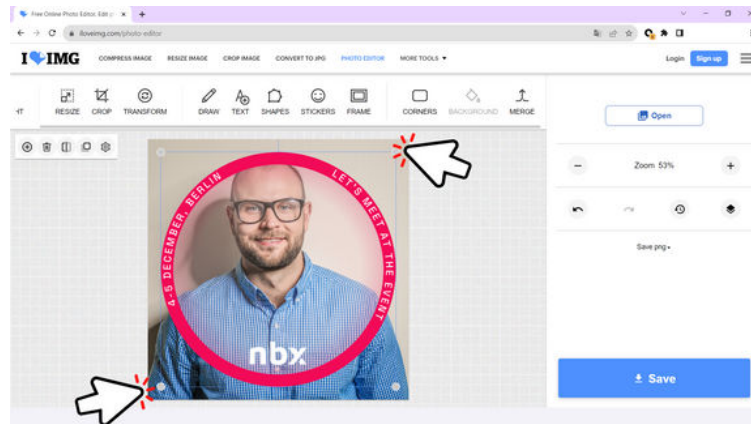

Step 3.

Select the Photo Overlay: Start by locating and selecting the NBX Photo Overlay you want to add on the profile photo

Step 4.

Move and Adjust: Move the overlay onto the photo and adjust its position and size to achieve the desired effect. You can use tools for moving, resizing, and rotating to precisely align the overlay.

Step 5.

Done!: Congratulations, you've successfully added an Overlay to your profile picture.
